

Renewable Energy Workshops

Cash Savings through Solar Electric, Hot Water, Wind & Anaerobic Digester Systems

Case Studies Reviewing Technology Considerations,
Incentives & Financing

RER Energy Group, a regional leader with over 5 MW of solar projects installed, is pleased to offer workshops on best practices for implementing renewable energy systems for agricultural, commercial, and industrial facilities in regards to technology and funding options.

Tuesday, August 7th

10:00 am - Solar Electric
11:00 am - Solar Hot Water
12:00 pm - Anaerobic Digesters
1:00 pm - Wind Energy
2:00 pm - Solar Electric
3:00 pm - Solar Hot Water

Wednesday, August 8th

10:00 am - Solar Electric
11:00 am - Solar Hot Water
12:00 pm - Anaerobic Digesters
1:00 pm - Wind Energy
2:00 pm - Solar Electric
3:00 pm - Solar Hot Water

Thursday, August 9th

10:00 am - Solar Electric
11:00 am - Solar Hot Water
12:00 pm - Anaerobic Digesters
1:00 pm - Wind Energy
2:00 pm - Solar Electric
3:00 pm - Solar Hot Water
