**New York State SitePower, RER Energy Group, CEC Energy, and Solar & Wind FX,
in cooperation with Cornell Cooperative Extension of Ontario County,
Invite You To a Free
Solar & Wind Energy and Backup Electric Generator Educational Seminar**

**Learn How To Obtain Up To 80% Of Renewable Energy Costs
From Federal & State Incentives and Accelerated Depreciation Benefits**

NY State's Goal Is To Double Renewable Energy Generation By 2015

NYS SitePower, an electric generator sales and service corporation, and RER Energy Group, a solar company which designs and installs solar arrays, are pleased to offer a combined seminar on Solar, Wind, and Backup Electric Generators. In addition, you will learn about wind turbines from CEC Energy and the ability to go off the grid from Solar & Wind FX and get tips from Cornell Cooperative Extension.

Who Should Attend: This seminar will benefit farmers, for-profit and non-profit organizations, accounting and operations personnel, and all employees responsible for managing electrical energy systems. We will work with you to answer questions about solar photovoltaic and wind technology, the economics behind alternative financing options and how to properly maintain these systems. RER Energy Group offers free grant writing services and has helped clients obtain over \$15 million in federal and state solar grant awards.

The **Financial Session** will focus on available solar - wind incentives & options:

- 1) Federal Incentives – provide 30% of project costs
- 2) NYSERDA grants – provide up to 40% of project costs
- 3) Accelerated Depreciation (50% first 2 years) and Financing Options
- 4) No Money Upfront PPA's (Power Purchase Agreements)
- 5) Non-profit Community PPA's

The **Technology Session** will focus on best practices and case studies for:

- 1) Equipment and Installation Options
- 2) Utility Interconnection, Net and Remote Metering Considerations
- 3) Emergency Backup and Remote Power Case Studies

When: Wednesday, March 19, 2014 -- 8:30 AM to 12:00 PM
