

Free Solar Energy Seminar

Case Studies on Financing & Technology Options

Learn How to Obtain Over 80% of Your Solar Project Costs from Federal & State Incentives, Bonus Depreciation and Other Programs

RER Energy Group and Tri-County Electrical are pleased to offer a seminar on best practices for implementing solar electric systems for commercial, industrial and agricultural enterprises. Recently passed legislation in Maryland provides additional financial incentives to companies making a commitment to solar electric.

Who Should Attend: This Seminar will benefit business owners and all personnel who are responsible for managing electrical energy systems and associated costs. Members of our staff will work with you to answer questions about solar photovoltaic technology, other renewable energy and the currently available incentives. RER is a leader in the solar industry with over 5 megawatts developed to date. RER Energy Group offers free grant writing services and has helped clients obtain over \$12 million in federal and state solar grant awards.

The **Financial Session** will focus on available incentives & options:

- 1) Federal & State Grants and Incentives
- 2) Solar Renewable Energy Credits (SRECs)
- 3) Accelerated Depreciation
- 4) No Money Upfront Options

The **Technology Session** will focus on best practices and case studies for:

- 1) Equipment and Installation Options
- 2) Utility Interconnection and Net Metering Considerations
- 3) Case Study Examples

When: Thursday, March 21st, 8:30 AM to 11:00 AM

**Where: Salisbury Area Chamber Offices
144 E Main Street
Salisbury, MD 21801**

Space is Limited. Reserve your seat. To submit your registration, either: e-mail bmaholick@rerenergygroup.com, print this form and fax to 888-712-0734, or register on our website at www.rerenergygroup.com. If you have any questions, call Steve Dell at 302-956-0099.
