## NYSERDA PON 2112

The New York State Energy Research and Development Authority (NYSERDA), through Program Opportunity Notice (PON) 2112, provides cash incentives for the installation of new grid-connected Solar Electric or Photovoltaic (PV) systems that are 25 kW or less for residential, and 200 kW or less for commercial sites.

Funding for the Solar Electric Incentive Program has been allocated by the New York State Renewable Portfolio Standard. Incentives are being granted on a first-come, first-served basis, and PV incentive applications will be accepted through December 31, 2015, or until funds are fully committed, whichever comes first. Total Incentives available are subject to revision by the New York Public Service Commission.

The Rate awarded from PON 2112 has been consistently dropping and is currently at \$1.00 for the first 50 kW, and \$0.60 per kW from 50 to 200 kW. It is beneficial to get an application submitted as soon as possible to assure the best chance at a higher award rate.

### PON 2112 Historical Incentive Amounts

Dates	\$ Per Watt	System Size	Max Project Award
Through February 2013	1.50	Up to 50 kW	\$75,000
Through August 2013	1.40	Up to 50 kW	\$70,000
Through September 2013	1.30	Up to 50 kW	\$65,000
Through September 2013	.90	50 kW up to 200 kW	\$135,000
		<b>Total</b>	<b>\$200,000</b>
Through December 2013	1.15	Up to 50 kW	\$57,500
Through December 2013	.75	50 kW up to 200 kW	\$112,500
		<b>Total</b>	<b>\$170,000</b>
January 2014 - Current	1.00	Up to 50 kW	\$50,000
January 2014 - Current	.60	50 kW up to 200 kW	\$90,000
		<b>Total</b>	<b>\$140,000</b>
