## Renewable Energy Free Workshop

# Cash Savings through Solar Thermal Systems

### Solar Thermal for Hot Water & Process Heat. Technology Considerations, Incentives & Financing

RER Energy Group, in cooperation with SunMaxx Solar, is pleased to offer a technical workshop on Solar Thermal for Hot Water and Process Heat for the commercial, industrial and agricultural sector in regards to technology applications and funding options.

**WHO SHOULD ATTEND:** This workshop benefits management and personnel responsible for energy cost reductions and efficiencies. You will have the opportunity to ask questions about available applications, costs and cash flow. We will have the experts from RER Energy Group and SunMaxx Solar, leading manufacturers of some of the most efficient solar systems available, to present and answer your questions. **Solar Thermal systems are 3-4 times more efficient than Solar Electric systems and require only 10% of the space.**

The workshop will focus on:

- 1) What is solar thermal and how does it work
- 2) What applications benefit most from solar thermal and why
- 3) Financing your solar thermal project
  - a. Current Incentives – Limited Availability
  - b. No Money Upfront Lease
- 4) How to apply for currently available incentives
  - a. State Grant -- **up to 35% of project cost**
  - b. Federal – 30% Tax Credit
  - c. Accelerated Depreciation

**When: Thursday, June 21<sup>st</sup>, 8:00 AM to 10:00 AM**

**Where: Reinsel Kuntz Leshner, CPAs  
1330 Broadcasting Road, Wyomissing, PA 19610**

**Space is Limited. Reserve your seat soon.** To submit your registration, e-mail: [bmaholick@reenergygroup.com](mailto:bmaholick@reenergygroup.com), or print this form and fax to 888-712-0734. If you have any questions, call Betsy at 610-577-6887.
